

ABHISHEK PATHAK

Software Engineer | Angular | AI Integration | REST APIs

+91 70693 14800 | apcse131@gmail.com | Godhra, Gujarat, India | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Software Engineer with 4+ years of experience building scalable web applications, enterprise dashboards, and responsive user interfaces using Angular, TypeScript, and modern JavaScript technologies. Experienced in REST API integration, reusable frontend architecture, Node.js/Express, and AI-powered web solutions. Focused on developing maintainable, high-performance applications that solve real-world business problems.

CORE COMPETENCIES

Frontend: Angular, TypeScript, JavaScript, HTML5, CSS3, SCSS, Angular Material, Responsive Design

Backend & Data: Node.js, Express.js, MongoDB, SQL, REST APIs, Third-party API Integration

AI & Real-Time: Generative AI, LLM/API Integration, Prompt Engineering, SignalR, WebSocket, Browser Notifications

Tools & Cloud: Git, GitHub, Docker, Microsoft Azure, Kubernetes, Jenkins, Codex, ChatGPT, Agile/Scrum

PROFESSIONAL EXPERIENCE

SAI (Storewide Active Intelligence) | Angular Developer

Jul 2026 - Present

Remote, India

- Develop and enhance enterprise Angular applications for AI-powered retail intelligence and store operations.
- Develop dashboard and reporting experiences with interactive charts, data visualizations, and filters for operational insights.
- Build Task Management workflows and interfaces for staff and face management modules.
- Implement Store Monitoring and Store Infrastructure Management modules for retail operations.
- Create reusable Angular components and responsive interfaces across the portal.
- Integrate REST APIs across frontend workflows, handling dynamic data, payload transformations, filtering, loading states, error handling, and navigation.
- Develop the frontend for an AI-powered chatbot, including conversational UI, AI summaries, and Save Insights interactions.
- Implement interfaces for real-time alerts, task monitoring, staff performance, face recognition incidents, and store monitoring workflows using Angular and TypeScript.

Evision IT Solution Pvt. Ltd. | Senior UX Developer

Feb 2025 - Oct 2025

Gandhinagar, Gujarat, India

- Contributed to Wiseliy BusinessApps across Staffwise HRMS, Workwise task management, Paywise payroll, and Assetwise asset management products.
- Led a 15-member development team through task assignment, technical support, code reviews, release support, and junior developer mentoring.
- Participated in hiring and interviews and mentored junior developers in frontend engineering practices.
- Designed browser- and OS-level real-time notification functionality using SignalR for client-facing applications.
- Developed Staffwise Attendance Management with Google Maps API for real-time updates.
- Built Resignation Management and enhanced dashboards with drag-and-drop widgets and filters.
- Implemented Workwise collaboration features including comments, quick notifications, and typing indicators.
- Integrated Google Docs API for Campus, a resume-builder application, supporting document creation, editing, and collaboration.

Sunflower Lab | Software Engineer

Oct 2023 - Jun 2024

Vadodara, Gujarat, India

- Led a cross-functional team of one frontend and two backend developers to deliver the 811 Locate Management project.
- Designed and developed a responsive Angular single-page application to showcase client services.
- Contributed to Ticket Management workflows using Angular.
- Developed Utility Hit Ticket Management functionality with cross-functional teams.
- Built Nomad Bite grocery management features for end-to-end order management.
- Implemented Driver Assignment functionality for grocery and food delivery personnel.
- Contributed to Zinniax healthcare modules for Scheduling, Surgery Tracking, and Billing Management.

- Collaborated with a cross-functional team of 15 to build Synapse, an NLP-powered chat application serving 20,000+ users.
- Designed Bot Engine capabilities to configure intents, utterances, skills, and bot responses.
- Implemented chatbot channel integrations for Microsoft Teams, WhatsApp, Slack, and Google Chat.
- Built reusable Angular components for a dynamic web widget with integration settings.
- Added theme personalization through web-widget configuration settings.
- Designed and implemented a Chrome Extension to integrate web-widget functionality into external websites.
- Integrated dashboard visualizations to present chat insights.
- Developed an Angular Bot Builder to visualize intent flowcharts for chatbot configuration and debugging.

- Developed responsive MEAN-stack web applications using Angular, Node.js, Express.js, and MongoDB.
- Built and integrated REST APIs while gaining hands-on experience across frontend, backend, and database development.
- Worked with reusable UI components, authentication flows, and full-stack development practices during the internship.

PERSONAL PROJECTS

ResumeIQ — AI-Powered Resume Analyzer | Angular 18, Node.js, Express.js, MongoDB, Groq AI

[Live Demo](#) | [GitHub Repository](#)

- Built an end-to-end AI resume analysis platform with JWT authentication and authorization, protected Angular routes, and secure REST APIs.
- Implemented PDF/DOCX upload and processing with MongoDB persistence; integrated Groq AI for ATS scoring, missing-skill identification, and actionable suggestions.
- Created a responsive dashboard and deployed the Angular frontend on Vercel and Node.js/Express backend on Render.

Personal Portfolio Website | Angular, TypeScript, SCSS, Responsive Design

[Live Portfolio](#) | [GitHub Repository](#)

- Designed and developed a modern, responsive personal portfolio using Angular, TypeScript, and SCSS.
- Built reusable About, Tech Stack, Services, Featured Projects, and Contact components.
- Implemented responsive layouts, interactive navigation, theme switching, and project showcases.
- Integrated email, WhatsApp, GitHub, and LinkedIn links for professional networking.

EDUCATION

Parul University - B.E. in Computer Science and Engineering | 2013 - 2018

Vadodara, Gujarat, India

CERTIFICATIONS

Rishabh Software Internship Certificate (MEAN Stack), Rishabh Software | Jul 2021
